

CHEVY IMPALA. EVEN IN "PARK," IT PERFORMS.

And in motion, it's a thing of beauty. ■ Impala SS with a 303 hp small block V8 and Active Fuel Management™ delivers an EPA estimated 27 MPG highway.* ■ Impala LS and LT with a 3.5L V6 get an EPA estimated 31 MPG highway — that's better highway MPG than the V6 engine in Honda Accord LX.† ■ Impala earned the highest possible rating for frontal crash safety — five stars.** ■ An eight-speaker Bose® sound system and an ingenious remote vehicle starter system are available on select models.

Impala SS in Black with available bright polished-aluminum wheels. *EPA estimated MPG 18 city, 27 highway. †2006 Honda Accord LX with 3.0L V6/automatic has EPA estimated MPG 29 highway.**Five-star rating is for the driver and front passenger in the frontal crash test. Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.safercar.gov).
